REMARKS

Reconsideration of the application as amended is respectfully requested.

New drawings to comply with requirements of the Examiner are being submitted.

The reference character 12 has been corrected to identify the correct element in Figure 1 and the reference character 22 has been added as required by the Examiner. In addition, reference character 48 has been added to Figure 2 to correct an obvious omission.

Claims 1 through 4 have been canceled. Allowable Claim 5 has been amended to include the subject matter of claim 1. Also, new claim 16 has been added to depend from allowable claim 8. This leaves claims 5 through 16 for consideration. All of these claims except claim 16 have been indicated as allowable or as allowed. This application is in condition for allowance with claims 5 through 16 and favorable action is requested.

Respectfully submitted,
